

# SpeedyRamp

## access

The **access** range of ramps are specifically designed for disabled access and motability transport. Utilising a 650mm platform width the access ramps provide a light and easy to install system and have been tailor made to meet the criteria and safety standards. Featuring an additional safety strap and lightweight aluminium frame, the ramps are built to an exacting and high standard.

## ClipFast

**Clipfast** is an easy tool which can be applied to any of the SpeedyRamp range, which allows users to easily remove the ramp on and off any vehicle. With minimum tools needed, and no impeding of loading/offloading, Clipfast further advances the users flexibility.
