

SpeedyRamp

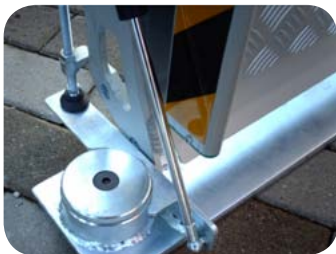

PIVOT

Our Pivot range of ramps are available in lengths of 2.0M, 2.25M, 2.5M and 3.00M and all feature the fast and easy Pivot system to open and close the ramp without the need for removal.

The best of flexibility and ease of use make the Pivot ramp a popular choice a whole range of industries benefit from. The 800mm wide platform offers a comfortable loading area for many types of equipment and a load capacity of between 300Kg and 600Kg.

The Pivot ramp can be installed to most panel vans including Citroen, Fiat, Ford, Iveco, Mercedes, Nissan, Peugeot, VW and Renault using an easy fix base plate and simple to follow fitting instructions.

The Pivot ramp is ideal where speed of opening for varying load types and sizes is paramount and provides a faster and more convenient solution where maximum flexibility is demanded.

Features

- Rotational for maximum flexibility
- Fast and easy to use
- Light and Durable
- Tough Aluminium Frame

ClipFast

Clipfast can be applied to most* of the SpeedyRamp range, which allows users to easily remove the ramp on and off any vehicle. With minimum tools needed, and no impeding of loading/offloading, Clipfast further advances the users flexibility.

*Excludes some of the Pivot and Loadmaster range.
